

# DURABOOK

Prepared for the Unexpected

# R8 Tablet

Extreme Power, Ultra Compact

# SWaP-OPTIMIZED.

## PURPOSE-BUILT SOLUTION.

The Durabook Fully Rugged R8 Tablet is a powerful and versatile mobile computing device in a lightweight, compact package.

Powered by Intel®'s latest 12th Generation Core™ i5 and i7 processors, and with latest Wi-Fi 6E and optional LTE technologies, the Durabook R8 is capable of processing and transmitting real-time data with blazing speed. With up to 800 nits of brightness, the R8's 8-inch display is bright enough for direct sunlight or dim enough to be used with NVGs under the cover of darkness.

Weighing in under 2 pounds, the Durabook Fully Rugged R8 tablet is SWaP-optimized to help bring situational awareness and decision dominance to the 21st century battlefield.
